Work Experience

Technology Instructor Summers, 2015 - 2016

Lavner Camps – Cherry Hill, NJ + Philadelphia, PA

- Instructed children aged 6-12 in Robotics, Minecraft Design, Video Game Design, and basic programming concepts/languages.
- Worked with other instructors to improve learning of the students.
- Set up hundreds of computers for students, installed programs, maintained internet whitelists, installed coding/design programs, and set up user accounts.
- Frequently troubleshooted student workstations, including software issues, network connectivity issues, and more.
